

DRAGONFLIES

April 2020

Looking for more information on dragonflies? Below is a small collection of informational videos!

[Super Strong Dragonflies!](#)

- This is a short but informational video for younger students presented by Jessi from the SciShow Kids channel on YouTube. She covers the basics of dragonflies.

[Dragonfly Life Cycle](#)

- This is a short video explaining the life cycle of the dragonfly.

[Dragonfly vs. Damselfly](#)

- BBC Earth Unplugged provides a good look into the advantages both the dragonfly and damselfly have when it comes to hunting. This video briefly shows the differences between these two look-alike bugs.

[Investigating the Secrets of Dragonfly Flight](#)

- The University of Virginia briefly discusses the flight capabilities of dragonflies, and they even show how this insect's flexible wings and incredible flying ability have influenced the development of flying robots!
