Garden

# EXPERIENCE. UNDERSTAND. APPRECIATE.

The late Helen Douglas-Hart was a local philanthropist, who enjoyed gardens, nature, and art, among many other passions. She established the Douglas-Hart Foundation and Friendship Garden in 1963. Just a few years later, restoration work began by converting a farm field into a 70-acre preserve of prairie, woodland, and wetlands that we know today as the Douglas-Hart Nature Center. In 2018, the Douglas-Hart Foundation acquired The Whiteside Garden in Charleston, a botanical oasis started by Dr. Wesley Whiteside. The Foundation's mission is "Through the responsible stewardship of Helen Douglas-Hart's gifts, the Douglas-Hart Foundation will be a leader in promoting the appreciation, enjoyment, and conservation of our natural resources by providing quality programs for all ages." 100% of membership fees support our educational programs and conservation projects across all three of our properties.
